THE ODYSSEY 1981

~~Kari Sagen~~ No reality.

Kari
Why is life like this? Why are you Punk? You should take off your (PIN) Pin and become a born-again. Sound farmiliar? (He Ha)

You are a really nice person, I hope you realize that I was joking when I drew all those horrible pictures of you and ① Grampa ② dog ③ Fire hydrant. I hope you didn't take them too seriously. They sure were funny tho! HA! HA! HA!! Makes me crack up just to think of it. Well, stay cool and have a great summer. I hope we can be friends & really nice when we return as Juniors. (I like the way that sounds: "Tresa the Junior")

Kari,
You're such a great person, I'm so glad I got to know you this year. Just making you sick, huh. Please don't throw up all over your yearbook. Throughout your life, reject Conservative Republicanism, and remember XNXTECX/4. Remember (PIN) LO Hapi Q did that right. Have a great summer and rest of your life.
Your friend,
Camille

Kari,
You really are an unusual person & I love it! Stay that way. I'd LOVE to see you over the same, crazy summer and I hope you have a super duper summer. I hope we can have another classes together next year. I really enjoyed all of our 551-FOG!!! conversations. Stay in touch & Friends forever, Tresa
Tresa Rogers

P.S. I'm so PUNK RULES!

Well, like I said, have a terrific summer and don't get burnt at the beach. (Burnt Punk~~x~~ ← oops there I go again If I did this around some punk~~x~~s I'd be banned from punk~~x~~dom. ← I can't stop.)

Love,
Tresa (the future junior)

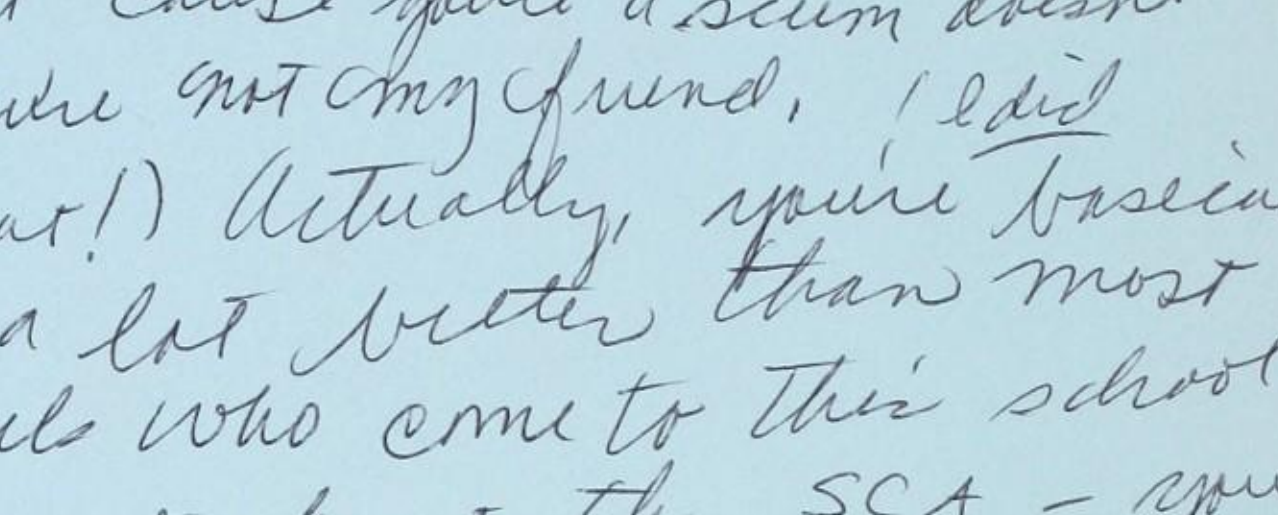
Whichever you prefer!

Kari,

You spaz. Sid Vicious wouldn't spit on you if you were on fire. But you know I don't really mean what I say. At least, not very often. Just 'cause you're a scum doesn't mean you're not my friend. I did (mean that!) Actually, you're basically okay - a lot better than most of the girls who come to this school! Mellow out about the SCA - you know we gotta kill Blazingthorn. We gotta think of a forfeit - ha-ha, you can choose that. But always remember: life means zilch. So live it up whilst you can. You're not gonna live forever, you know. I'll play for your success with Heinrich of Edgarn?? & Booth.



Stay weird & of course I'll see you this summer.

I don't know why we're here,
Jay

P.S. I'll get Johnny someday, just wait & see!

Kari,
I'm glad we met. You're a super person! Have a super summer. I hope we have some classes together. Smile fun, Swati Bhandari

Hari,
you really are a spaz. Oh, well, it doesn't matter. You know why? Because it's summer!!! That's right. And if you don't like it you can just fly away. I always do. Well, I hope you don't tan this summer. It's so common. Anyway, go socialist and stay interesting. Bye for now,
Sara Polack

Hi Kari,
I hope you have a great summer. And also next year is fun. There are little bugs crawling on your book. There they have a good time. Enjoy yourself. We did at least, the infamous T.A. Well we'll see you. Bye Love Lori

Ideals are like stars; you will not succeed in touching them with your hands, but like the seafaring man on the desert of waters, you choose them as your guides, and follow them, you reach your destiny.

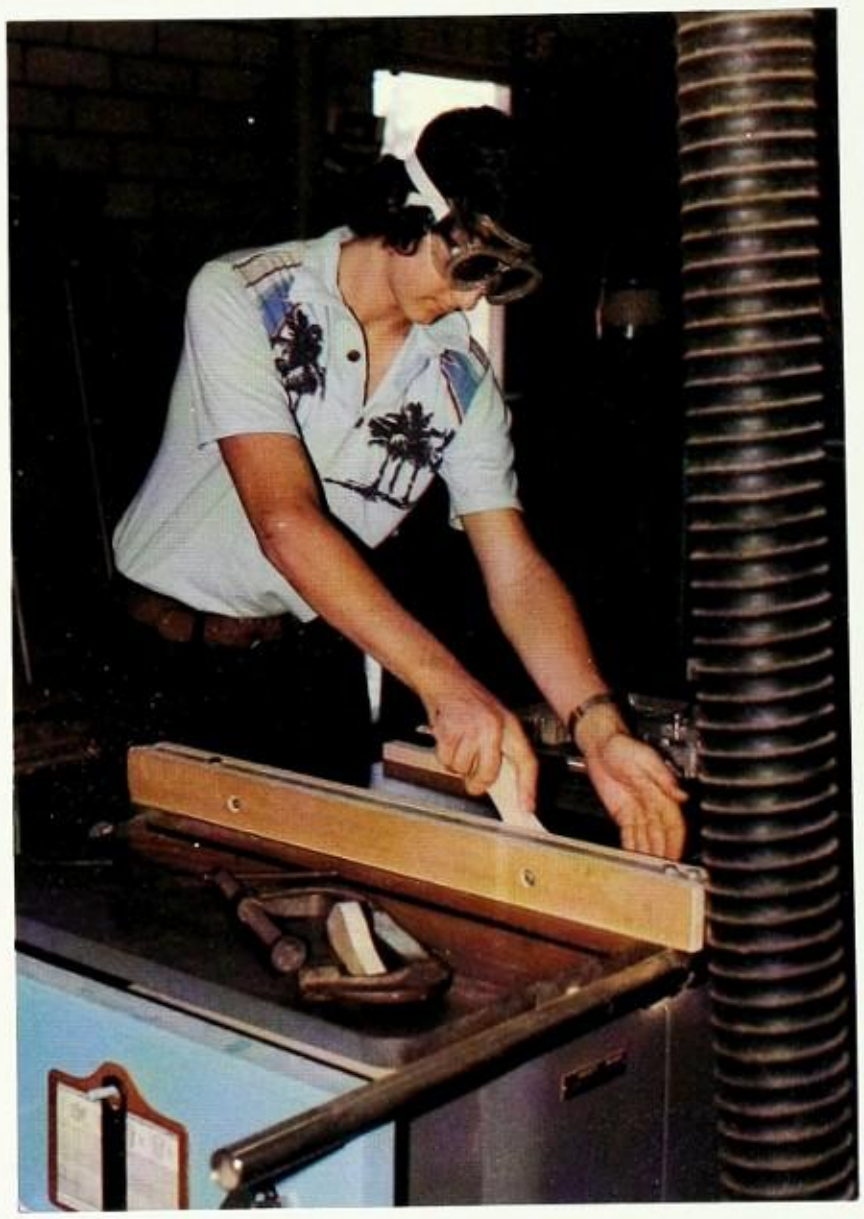
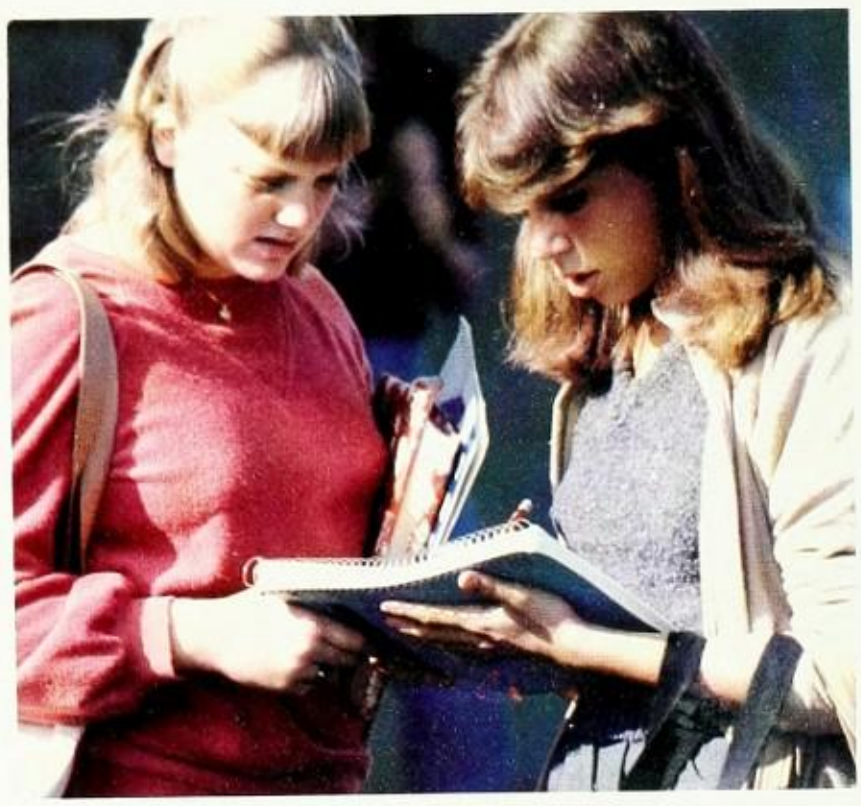
Go confidently in the direction of your dreams. Live the life you've imagined.
Henry David Thoreau





Each of us has an idea on what we want out of life. We will all strive for success. Success comes in many different ways.

The people who get on in this world are the people who get up and look for the circumstances they want, and, if they can't find them, make them.

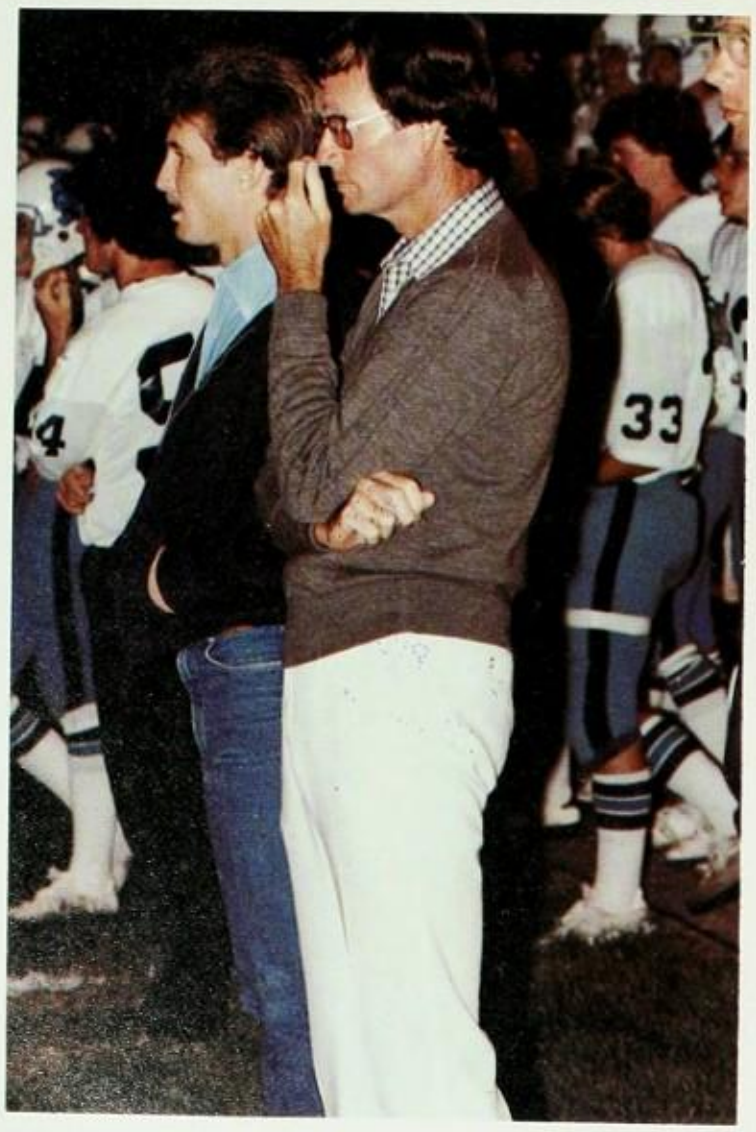
TROJAN POWER

With determination, dedication, self-discipline and a positive attitude, dreams can become reality.



To You, Dick Roche

Through your destiny we as students have benefited from your dedication and guidance in athletics and teaching.

Mr. Roche you are more than a teacher, you are a friend and guide. It is in that way that you have helped and inspired us toward our own destiny.

Freshmen

The Freshman students preferred to cruise around in roaring 20's attire, making offers no one could refuse. Liquids ran freely from the moon shine still created by the students to appease their thirst.

Sophomores

The sophomores Zipped around campus with a varity of clothing that screamed for attention. The entire campus felt that they were invaded by some other planet.

TIME IN A BOTTLE,

Juniors

The Juniors portrayed people and events that took place during the rebellious sixties. The students outfitted themselves with psuedo army garbs to chide the unpopular war in progress. The Juniors also dressed as flower children and hippies to demonstrate the free love society of that time. Music typical of the 60's was incorporated with slogans to depict the students' view of the not forgotten past.

Seniors

The Senior cowboys and cowgirls horsed around campus, displaying their ability to walk between classes in their high healed boots without getting bow-legged or sores on their toes. The dudes were courteous with the dance hall girls that paraded around the bar during chow time.

Being a Senior is . . .

Being able to comprehend life a little better than before . . .
Is not having enough time . . .
Application after application after application . . .
The beginning
Feeling important . . .
Talking and other people listening . . .
Rules!!!
Is only having one more year to go . . .
Is winning the Spirit Jug . . .
A time to reflect on the past, the things I've done
The friends I've known that have brought me where I am today.

Senior Class Advisors: Karen Speros and Vicki Linblad

The last four years have passed like a whirlwind and working with energetic and goal-oriented class councils has been an unforgettable experience. I am indebted to the class presidents — Ty Harmon, Christine Gordon, Janet Liittschwager and Chris Tunstall — whose leadership has been exemplary, responsible and inspiring. Laurie Hull and Mindy Miller have provided continuity by serving all four years on the council. Mrs. Vicki Linblad joined us the sophomore year and added pep and direction to our wild schemes.

Homecoming themes and pep assemblies will always be treasured memories of a very energetic and spirited class. Finally, the Wild West brought us the coveted Homecoming award this year, but we were just as committed to the Wizard of Oz, Hollywood and Color My World — Yellow. During our freshmen, sophomore and Senior years, we won a majority of the pep assemblies. Unfortunately, we never seemed to be that successful with dances.

How does one say farewell to 468 unique individuals who blend into a dynamic class? To all those talented musicians, dramatic actors gifted athletes and leaders, National Merit Semi-finalist and general well-adjusted and delightful students, I wish you a lifetime of exploiting your own talents, believing in your fellow man and your nation, and committing to something larger than yourselves. Keep in touch . . .

THE EXPERIENCES

H o m e c o

This year's homecoming game against the Corona del Mar Seakings proved to be exciting as well as fun. The half-time activities were very impressive with the highlight being the crowning of Mindy Miller as queen, while her court, Princesses Jeanne Boom, Emily Bush, Marybeth Francke and Margie Troy looked on. Although the final score of 14-9 favored the Seakings, the high energy generated by the enthusiastic team and crowd lasted until the next nights dance. The dance was sponsored by the Junior class and was held on campus. The band Legend played and everyone that went thoroughly enjoyed themselves.

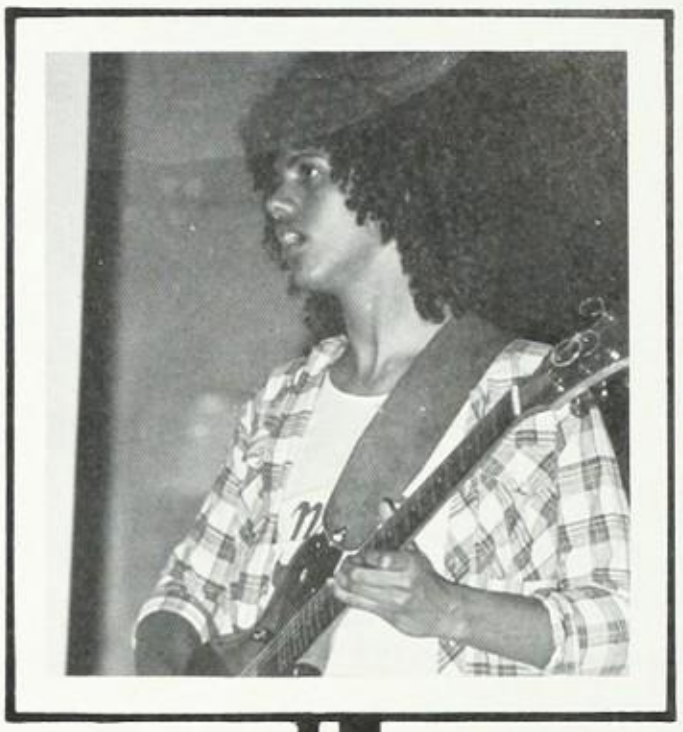
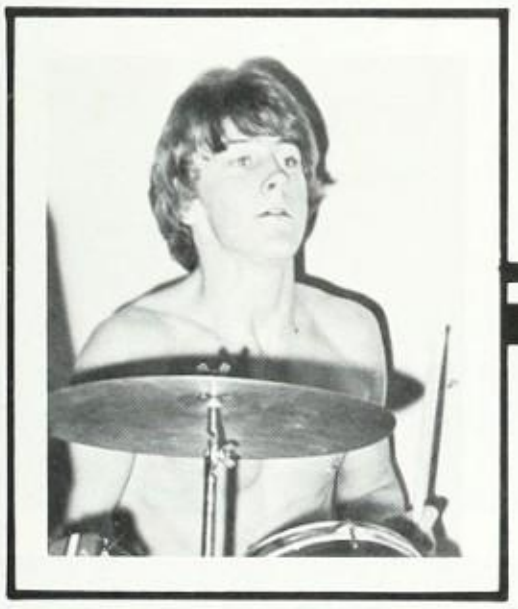
Rock Show

"Stars — A Musical Revue"

The concept of this years commercial guitar production represented a radical departure from previous productions. while earlier productions tended to be mixedmedia presentations of well developed rock music "Stars" was definately a Song and Dance show. Realizing that a definite lack of stage presentation technique was lacking among Uni's pop musicians, "Stars" was designed to develop the talents in this area. The virtuosity of the musicianship required, in this show, was unusually high as were the demands put upon the dancers by choreographer Pippa Winslow. The show was very fast paced, with many stage changes creating, an overall excitement for the audience.



Instrumentalists: Kevin Baldwin, Vincent Blackburn, Sharon Berman, Brent Gordon, Brian Jones, Jason Luckett, Darrin Morrill, Bill Ogle, Ben Pryor, Bill Sherlin, Dan Traslavina, Kim Winslow.
Singers/Dancers: Randy Cash, Jenny Davis, Shey Garner, Linda Hebb, Dawn Holford, Linda Miller, Becky Snodgrass, Page Stonecipher, Jenny Spruance, Cassy Tolbert, Kim Winslow, Robin Winslow.



Junior-Senior Prom

The Best of Times

The 1981 Junior-Senior Prom was held at the Newport Marriott Hotel. This year the Senior Class broke tradition by turning the Prom into a dinner-dance. The coronation of the Prince; Eric Hedayat, and Princesses; Chris Gordon, Laurie Hull, Shannon Morrissey and Margie Troy, led up to that of Mindy Ann Miller and Tim Exley as Queen and King respectively. The band, Primo, played with great enthusiasm and this dance shall always be held in our memories as — "The Best Of Times."

As an AFS student I have had a great and totally new experience. I lived with two families so I got to see a lot of different lifestyles. It's the same with other experiences I've had. You showed me how to play football and how to improve my tennis, you helped me in classes and the AFS experience has helped me to get to know myself better. Thank you, the UHS students, as well as my families, and the AFS adult chapter and school club.

This year '80-'81, I got an interesting experience in my life. I really liked this year. I was hoping to do many things that I wanted to do. And I can say, I did them. This experience was great for me, I saw very well the difference between to be or not to be; the difference between people and things.

Time Capsule

In the years to come, when our individual worlds have become different and we have changed immensly within ourselves, we will, at times, look back on yesterday, and who and what we were.

Here in our 1981 Time Capsule we have captured reflections and lifestyles. We have gathered some of your favorite things, to perhaps laugh over now, but in the future to serve as a reminder of the way it used to be. Your good old days are right here, for you.

When we first arrived at Uni, the whole idea of being in high school was more than bewildering. We were barely settled when things began to happen . . .

First the Spirit Assemblies, we showed everyone what the class of 1984 can do! When Spirit Day arrived it was the Roaring 20's, and after all the rushing we did, we had one of the best showings for a new class at University High.

The image of the "Typical Freshman" changed with our class because of the overall unity, and determination to get out there and win!!

We are the class of 1984 and we hope to make the next three years as memorable and fun as this first year.

Advisor Phil Quon and V.P. Austin Kim listen intently.

This year's ASB Cabinet was very successful. The sixteen members group started off the year with traditional Homecoming activities centered around the theme of "Time in a Bottle." The main emphasis of the year was increasing communication throughout the school. This goal was accomplished by publishing a faculty newsletter, meeting with administrators, talking to Teacher Advisory groups and using the school bulletin boards. The cabinet also planned many interesting assemblies including Hard Times, the Air Force Jazz Band, and the UCLA Modern Dance Ensemble. The cabinet was greatly assisted by the activities secretary, Denise Beckwith.

What to you call a group of 26 totally crazy girls who wear the same dress every Monday and act absolutely zany when they're together? Girls' League, of course!!!!

Girls' League is an organization designed to represent all the girls on campus. We are dedicated to bringing all the girls together into a kind of unity and creating a closer bond of warmth and friendship for everyone. In order to do this we have many traditional activities which we do every year. These include: the Meet & Eat Picnic, the Homecoming Mum Sale, the Winter Ball, the Valetines day Carnation Sale, Father-daughter and Mother-daughter events, a spring dance and a fashion show.

Being in Girls' League is a privilege and a lot of hard work, but it is well worth it for all the fun and experience you can gain. This years league was one of the BEST ever!!! All of the girls worked long and hard to make our activities successful and the work really paid off!! You guys are FANTASTIC and we love ya!!

Best of luck to next years Girls' League!! Hope you have as great a year as we did!!

S.E.A.

This club consists of a group of students who all share a common concern and interest in the environment. They are interested in broadening their own awareness of environmental issues and in increasing the general consciousness of the earth as a finite and closed ecosystem here on the University High School campus. Their first big commitment was to organize and maintain our school's first recycling effort; they run an on-going program to recycle all the bond paper thrown away by students and administrators each day. They also believe in having fun and getting outdoors and have gone on walks in the Newport Back Bay, the San Joaquin fresh water marsh, have gone on a whale-watching trip, and gone cross-country skiing.

Students for Environmental Action: Shelley Anderson, Suzanne Bolding, Libby Sillesen, Karen Loomis, Karen Karpowich, Jennifer Jones, Ena Goyal, Alex Burgnon, Jim Cheathan.

Each year the water ski club has an increasing membership and this year was no exception. These students not only water ski but also camp on their trips. They just love the outdoors. They claim the change of environment does them good.

As in the years before, the club takes one big trip per year. This year, club members spent a full week camping and water skiing at San Antonio Lake during the spring vacation. Besides their big trip, they take weekend trips to various parts of Southern California.

Ski Club

U.H.S.'s popular ski club poses for a picture in between trips.

The idea of the ski club is to ski the best mountains at the best prices they can. The skiing they do is a lot different than the skiing people do in California.

They ski beautiful areas that are world famous plus they try to set up their trips to places where the skiers won't have to wait in 45 minute lift lines. The trips take students out of Ca. that have never been out of the state. Not only do they experience a change of environment but they also see another way of life. They grow and mature more on a 7 day trip than they would at home in a year.

In the past years they have skied in Oregon at Mt. Bachelor, in Idaho at Bogus Basin, in Wyoming at Jackson Hole, in Colorado at Snow Mass, Aspen, Crested Butte, and Purgatory, as well as in resorts in Utah and California.

This year they feel they have lined up two of their greatest skiing experiences at Jackson Hole, Wyoming and at Vail, Colorado.

The ski club has grown over the years even though prices have spiraled upward. They still feel the trips are the cheapest way for skiers to ski the BIG ONES.

Dear Thespians:

I hope you'll remember this year, and everything we've worked for with pride, laughter and love. I hope you'll remember all our achievements — The Talent Show, Initiation and the Spaghetti Factory, the Saloon Dance for Spirit Day, Singing Telegrams, the dancing Buffum's elves, donuts every Monday and Wednesday, the Melodrama, and State Competition. I hope you'll remember the dreams we started out with, and the progress we made towards making those dreams came true. I hope that this year has set traditions to be carried out in the coming years as Troupe 3219 grows in importance. I also hope that you've found something to enrich your lives . . . and never forget the arts!

I love you all,
Meri Finley (President)

Mime

The second annual U.H.S. Mime Troop, under the direction of Steve Ehrensperger, had its greatest year ever. These 12 members entertained at Homecoming, assemblies, and at the year end public performance, "An Evening of Mime." Next year's mime troop will be better than ever with many performers returning to dazzle the audiences of Irvine.

Guitar

The main goal of the University Guitar Ensemble is to provide rehearsal and performance conditions for the guitarist which parallel those offered to other instrumentalists. They play a variety of works especially arranged or composed for them, as well as arrangements from other instrumental ensembles.

The ensemble also made a full length studio recording. These achievements have led Uni's Guitar Department to be one of the top 5 programs in the United States.

The sophomore coaching staff, coaches Roche, Peter, and Bova, would like to thank this years sophomore football squad for their hard-work, dedication, and perseverance under difficult circumstances. The opening of Woodbridge cut the proespect of an excellent season. Day in and day out, collectively this squad was the hardest working group I have ever been associated with in 17 years of coaching. Thanks and keep up the good work.

The 1980 season caps the Uni water polo dynasty which has seen the Trojan rated as one of the three most successful programs in the United States. In winning the Sea View League this year Uni has set an unprecedented record of 7 league championships in 8 years.

Completely dominating the Sea View League the Trojans averaged 15 points a game while holding their opponents to 5 points.

In two years this team has achieved the impossible. As a Frosh-soph team they were 3rd in league. Last year they won the Sea View League and finished 4th in 4A CIF. This year we are rated 3rd in 4A CIF and 4th in the United States.

The unparalleled success of the water polo program has been built on mutual faith. The knowledge that the coach and players believe in and will support each other 100%. This feeling must prevail for any program to achieve the lofty goals which the water polo team has attained.

The JV basketball team struggled through the recent season, however, several players showed excellent signs of improvement. Lack of playing experience was the key ingredient missing in this year's JV team, which lead to several heartbreak losses. The team concept was stressed and the progression from a group of individuals to a team unit became evident near the end of the year.

Volleyball

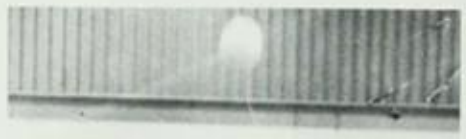
With two returning varsity players and a new coach, the team wondered what would be in store for them in the fall competition. The returnees Leslie Speros, experienced spiker and passer, and Kathy Kerr, the setter and "quarterback" of the team provided a strong duo to possibly stabilize the Uni team.

The new coach, Shar Wallander, "trading" jobs with Mike Puritz, the present U.C.I. coach, brings to Uni eight years of college coaching experience. To adjust to high school coaching was to be her challenge for 1980.



Experience Gained Under New Coach

Top row: Mary Baumann, Nicky Theard, Michelle Williams, Leslie Speros, Debbie Simons, Christy Bondra, Kathy Karr, Kris Barnes, Jovanna Guess. Below: Coach Shar Wallander.

A substitution is made

Leslie and Nicky go up for the block.

Seven players became the players to assist Leslie and Kathy to form the varsity team. Debbie Simons came out of nowhere to spike and serve with amazing effectiveness. Jovanna Guess, a sophomore, has fine jumping ability and improves with each game she plays. Two seniors will be missed by the coach, Kris Barnes a backcourt specialist can also hit with a great deal of effectiveness. Christi Bondra is just beginning to learn how to use her height of six feet for spiking and blocking. Three juniors will continue with the team in '81. Michelle Williams is learning to do everything — backcourt defense and frontcourt offense. Mary Baumann has tremendous spirit and thrives on defensive digs. Nicky Theard has the height and ability to provide a strong middle hitting and blocking strength for Uni.

A winning game over Costa Mesa gave Uni the same number of league wins as it's record in 1979. Other exciting games included a two game win over San Clemente and a win over Laguna.

I look back on these past few years — all the faces of the people I used to know and the things that seemed so important then — all such a big part of my life. But they're from a different time and space. I've changed and so have they. And we've all gone on to find our own destinies. But I'll always have a place in my heart for these people and things that touched my life and made it so.

Dear ~~Stake~~, oops, I mean Kari,
I guess I was glad to have met you, at least that's what you're supposed to write! Seriously, what I see in you is sweet, whatever I can see from beneath your bangs. I'm glad that you joined SCA so that you could tell me all about it. I really should have gone to more Wars! Have fun as a big JUNIOR (somehow I can't see you as an upper-classman) See you in French next year!

Dear Kari,
I'm tired of writing slanted. It's too bad we didn't have any classes together this year. Maybe French next year. We've still stayed good friends though. I really can't think of anything to write. Have a good summer & I hope next year is really fun for you.
